(b) *Procedures.* The Offeror shall review the list of excluded parties in the System for Award Management (SAM) (<https://www.sam.gov>) for entities excluded from receiving federal awards for "covered telecommunications equipment or services".

(End of Provision)

D.3 52.209-5 CERTIFICATION REGARDING RESPONSIBILITY MATTERS (AUG 2020)

(1) The Offeror certifies, to the best of its knowledge and belief, that—

(i) The Offeror and/or any of its Principals—

(A) Are ☐ are not ☐ presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(B) Have ☐ have not ☐, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State, or local) contract or subcontract; violation of Federal or State antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property (if offeror checks "have", the offeror shall also see [52.209-7](#), if included in this solicitation);

(C) Are ☐ are not ☐ presently indicted for, or otherwise criminally or civilly charged by a governmental entity with, commission of any of the offenses enumerated in paragraph (a)(1)(i)(B) of this provision;

(D) Have ☐, have not ☐, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds the threshold at [9.104-5\(a\)\(2\)](#) for which the liability remains unsatisfied.

(1) Federal taxes are considered delinquent if both of the following criteria apply:

(i) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(ii) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(2) *Examples.*

(i) The taxpayer has received a statutory notice of deficiency, under I.R.C. § 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(ii) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. § 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(iii) The taxpayer has entered into an installment agreement pursuant to I.R.C. § 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(iv) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).

(ii) The Offeror has ☐ has not ☐, within a three-year period preceding this offer, had one or more contracts terminated for default by any Federal agency.

(2) "Principal," for the purposes of this certification, means an officer, director, owner, partner, or a person having primary management or supervisory responsibilities within a business entity (e.g., general manager; plant manager; head of a division or business segment; and similar positions).

This Certification Concerns a Matter Within the Jurisdiction of an Agency of the United States and the Making of a False, Fictitious, or Fraudulent Certification May Render the Maker Subject to Prosecution Under Section 1001, Title 18, United States Code.

(b) The Offeror shall provide immediate written notice to the Contracting Officer if, at any time prior to contract award, the Offeror learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

(c) A certification that any of the items in paragraph (a) of this provision exists will not necessarily result in withholding of an award under this solicitation. However, the certification will be considered in connection with a determination of the Offeror's responsibility. Failure of the Offeror to furnish a certification or provide such additional information as requested by the Contracting Officer may render the Offeror non-responsible.

(d) Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render, in good faith, the certification required by paragraph (a) of this provision. The knowledge and information of an Offeror is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

(e) The certification in paragraph (a) of this provision is a material representation of fact upon which reliance was placed when making award. If it is later determined that the Offeror knowingly rendered an erroneous certification, in addition to other remedies available to the Government, the Contracting Officer may terminate the contract resulting from this solicitation for default.

(iv) In a criminal, civil, or administrative proceeding, a disposition of the matter by consent or compromise with an acknowledgment of fault by the Contractor if the proceeding could have led to any of the outcomes specified in paragraphs (c)(1)(i), (c)(1)(ii), or (c)(1)(iii) of this provision.

(2) If the offeror has been involved in the last five years in any of the occurrences listed in (c)(1) of this provision, whether the offeror has provided the requested information with regard to each occurrence.

(d) The offeror shall post the information in paragraphs (c)(1)(i) through (c)(1)(iv) of this provision in FAPIIS as required through maintaining an active registration in the System for Award Management, which can be accessed via <https://www.sam.gov> (see [52.204-7](#)).

The use of hyperlinks is prohibited.

WARNING: Please do not wait until the last minute to submit your proposals. Late proposals will not be accepted for evaluation. To avoid submission of late proposals, we recommend the transmission of your proposal file 24 hours prior to the required proposal due date and time. Please be advised that timeliness is determined by the date and time an Offeror's proposal is received by the Government not when an Offeror attempted transmission.

2. PROPOSAL FILES

a. Format: The submission shall be clearly indexed and logically assembled. Each volume shall be clearly identified and shall begin at the top of a page. All pages of each volume shall be appropriately numbered and identified by the complete

company name, date, and solicitation number in the header and/or footer. Proposal page limitations are not applicable to this procurement. All files shall be submitted as either a Microsoft Excel File (.xls) or an Acrobat Portable Document Format (.pdf) or as compatible as indicated in the table. Footnotes to text shall not be added. All proprietary information shall be clearly and properly marked.

b. File Packaging: **Do not compress (zip) proposal files.** VA Network Security Operations Center (NSOC) has temporarily blocked email attachments with the ".zip" extension as a mitigation measure against the ongoing world-wide ransomware event impacting many organizations. During this time, **zip file extensions will be permanently stripped from email traffic and will not be recoverable.** Due to VA email file size restrictions, Offerors are encouraged to logically separate their proposal into separate emails. If this is necessary, Offerors should attempt to contain complete volume within single email transmissions (and not split volumes). Offerors are encouraged to review and ensure that sufficient bandwidth is available on their end of the transmission.

c. Content Requirements: All information shall be confined to the appropriate file. The Offeror shall confine submissions to essential matters, sufficient to define the proposal and provide an adequate basis for evaluation. Offerors are responsible for including sufficient details, in a concise manner, to permit a complete and accurate evaluation of each proposal. The title requirements for each file are shown in the table below.

d. Proposals submitted in response to this solicitation shall contain the following in separate volumes listed in the Table below with the titles as shown.

VOLUME I – TECHNICAL CAPABILITY

Offerors shall provide descriptive literature which will be used to thoroughly evaluate each proposal to determine the extent to which it meets the salient characteristics listed in Combined Synopsis/Solicitation Notice - Product Description of the solicitation. All the minimum salient characteristics listed in the solicitation must be met to be considered technically acceptable and eligible for award.

Offerors must list the location where compliance to the salient characteristics can be found on the Salient Characteristics Table located in the Combined Synopsis/Solicitation Notice of the solicitation. The table must be included with the Offeror's proposal.

Offerors may propose any product solution or configuration so long as the solution proposed meets the salient characteristics. Equivalent products being proposed in the Technical Volume must also be clearly identified in the Pricing Volume. Products proposed in the Technical Volume must be captured on – appear and correspond with -- the Offeror's Pricing Volume (Attachment A - Price Cost Schedule of the solicitation).

Offerors may propose any additional ancillary products which they deem to be essential to the functionality of the proposed solution; these ancillary items must be quantified in the Offeror's pricing volume with an estimated quantity of zero (0).

Only new original equipment manufacturer (OEM) parts are acceptable; no remanufactured or "gray market" items. No product in development shall be considered. All items must be covered by the manufacturer's warranty.

Distributors must be authorized distributors/resellers as certified by the OEM (i.e., in OEM letter with a current date and duly signed by OEM's authorized representative) to be eligible for award. The OEM letter must be valid for the life of the contract. Those proposals which fail to meet the requirements of the solicitation and all the minimum salient characteristics will be rated "Unacceptable" and will be ineligible for award. No pricing shall be included in this volume.

VOLUME II – PAST PERFORMANCE

The Offeror shall complete Attachment F: Past Performance Questionnaire in its entirety, listing a total of three contracts/orders for work performed in the past three years or currently being performed, for nationwide delivery of Orthopedic Surgical Robotic Systems. The Government will make the determination of relevance (based on size, scope, and complexity of requirement).

Contracts/orders listed may include those entered into with the Federal Government, agencies of state and local governments and commercial concerns. Offerors may also submit past performance information regarding predecessor companies, key personnel who have relevant experience or subcontractors that will perform major or critical aspects of the requirement when such information is relevant to the acquisition. For the purposes of this solicitation, a major subcontract is defined as 20% of the total contract effort. Data concerning the prime contractor shall be provided first, followed by each proposed major subcontractor, in alphabetical order.

Offerors shall indicate if there are Contractor Performance Assessment Reporting System (CPARS) / report(s) available for each reference. In the event an assessment was not completed in CPARS for the referenced contract/order, Offerors may request the reference point of contact (POC) to complete and submit a Past Performance Questionnaire (PPQ) (See Attachment F of this solicitation). The Offeror shall instruct the POC at the referenced entity to return a copy of the completed PPQ directly to the Contracting Officer and the Contract Specialist at kristal.hall@va.gov and michael.andrews6@va.gov NO LATER THAN THE CLOSING DATE OF THE SOLICITATION (inclusive of any closing date extensions granted via amendment). PPQs will only be evaluated for those contracts/orders that do not have a CPARS report available.

The Government is not required to contact references provided by the Offeror. Also, references other than those identified by the Offeror may be contacted by the Government to obtain additional information that will be used in the evaluation of the Offeror's past performance. The Government may consider past performance information obtained through other sources which is reasonably available and determined to be relevant. Past performance information obtained will be used for both the responsibility determination and best value decision.

Offerors shall indicate on Attachment F if they have no record of relevant or recent past performance.

VOLUME III – VETERANS PREFERENCE

(1) In an effort to achieve socioeconomic small business goals, VA shall evaluate offerors based on their service-disabled Veteran-owned or Veteran-owned small business certification status and their proposed use of eligible certified service-disabled Veteran-owned small businesses (SDVOSBs) and certified Veteran-owned small businesses (VOSBs) as subcontractors.

(2) Eligible and certified service-disabled Veteran-owned small businesses offerors will receive full credit, and offerors qualifying as Veteran-owned small businesses will receive partial credit for the certified Service-Disabled Veteran-Owned and Veteran-Owned Small Business Status evaluation factor. To receive credit, an offeror must be listed at the time of submission of offers and at time of award, as a certified SDVOSB/VOSB in the SBA certification database on the SBA Veteran Small Business Certification Program portal at <https://veterans.certify.sba.gov/> (see 13 CFR 128) and be otherwise eligible in accordance with SBA size standards for the acquisition and limitations on subcontracting requirements set forth in SBA regulations (see 13 CFR 121, 125 and 128).

(3) Non-Veteran offerors proposing to use certified SDVOSBs or VOSBs as subcontractors will receive some consideration under this evaluation factor. Offerors must state in their proposals the names of the certified SDVOSBs and VOSBs with whom they intend to subcontract and provide a brief description of the proposed subcontracts and the approximate dollar values of the proposed subcontracts. In addition, the proposed subcontractors must be listed at the time of submission of offers and at time of award, as a certified SDVOSB/VOSB in the SBA certification database.

(4) Pursuant to 38 U.S.C. 8127(g), any business concern that is determined by VA to have willfully and intentionally misrepresented a company's SDVOSB/VOSB status is subject to debarment for a period of not less than five years. This includes the debarment of all principals in the business.

VOLUME IV – PRICE

The Offeror shall complete **ATTACHMENT A - PRICE COST SCHEDULE** and submit it in Volume II of their proposal.

In order to maximize the VA's buying power and leverage the best value for the taxpayer, the VA is seeking volume discounts. It is expected that as the output and scale of an operation increases, that the unit cost per item should decrease as fixed costs are spread over more units of output. The VA expects that a portion of these reduced costs will be passed-on and reflected in lower unit pricing.

Price Rounding Issue - The Government requires Offerors to propose unit prices and total prices that are two (2) decimal places and requires the unit prices and total prices to be displayed as two (2) decimal places. Ensure that the two (2) digit unit price multiplied by the item quantity equals the two (2) digit total item price (there should be no rounding). {If an Excel spreadsheet is submitted by the Offeror, the Offeror shall ensure that the actual values in the spreadsheet cells are no more than two (2) decimal places even if values in the spreadsheet cells are formatted to display two (2) decimal places.}

The Government requests the Offeror to provide prices, warranties, conditions, benefits, and terms that are at least equal to or more favorable than the prices, warranties,

conditions, benefits, and terms proposed by the Offeror to any customers for the same or a substantially similar quantity and type of product or service.

The current SLA which applies to this contract action is 3.0%. This SLA Fee shall be imbedded in the awarded contract/agreement price(s) and offers submitted in response to this solicitation shall include this SLA Fee in the price of every line item offered.

VOLUME V – OFFER, AMENDMENTS, & CERTIFICATIONS/REPRESENTATIONS

The offer sheet should be dated and submitted on letterhead stationery. An Acrobat PDF file shall be created to capture the signatures for submission.

- k. A statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation. Offerors that fail to furnish required representations or information or reject the terms and conditions of the solicitation may be excluded from consideration.
- l. All certified HUBZone small business concerns are required to identify themselves and state whether they elect to waive the evaluation preference.

Offerors are hereby advised that any Offeror-imposed terms and conditions and/or assumptions which deviate from the Government's material terms and conditions established by the solicitation, may render the Offeror's proposal Unacceptable, and thus ineligible for award.

Contents of the written proposals will be evaluated to determine the degree and extent to which the proposals meet the requirements identified in the Solicitation. The written content of proposals will be evaluated in accordance with the evaluation approach defined in the solicitation. Proposals which merely restate the requirement or state that the requirement will be met, without providing supporting rationale, will not be sufficient. Offerors who fail to at least meet all of the salient characteristics of the solicitation will be rated Unacceptable and thus, ineligible for award. The Government reserves the right to award without discussions based upon the initial evaluation of proposals. The scope of this procurement includes being able to provide the products to all VHA facilities located in the Continental United States (CONUS) and Outside of the Continental United States (OCONUS).

To receive consideration for award, a rating of no less than Acceptable must be achieved for the Technical Factor. At minimum, All the salient characteristics listed on the Combined Synopsis/Solicitation Notice must be met to achieve a rating of at least Acceptable. Offerors are cautioned that the award may not necessarily be made to the lowest priced proposal. The Government intends to award one contract.

Descriptive literature will be used to thoroughly evaluate each proposal to determine the extent to which it meets the salient characteristics listed in the Combined Synopsis/Solicitation Notice of the solicitation. To receive a rating of at least Acceptable, the proposal must demonstrate the Offeror's ability to meet or exceed all the salient characteristics listed in Combined Synopsis/Solicitation Notice Product Description and Salient Characteristics tables. Offerors may propose any additional ancillary products which they deem to be essential to the functionality of the proposed solution; these ancillary items must be quantified in the Offeror's pricing volume with an estimated quantity of zero (0).

Products proposed in the technical volume must be captured on the Offeror's pricing volume (Attachment A -Price/Cost Schedule) of the solicitation. Only new equipment is acceptable; no remanufactured or gray market items and distributors must be authorized distributors as certified by the OEM to be eligible for award. Those proposals which fail to meet the requirements of the solicitation and all of the salient characteristics will be rated Unacceptable and will be ineligible for award.

1. Technical Capability:

To receive a rating of Acceptable, the offer must demonstrate the vendor's ability to meet, at minimum, the Salient Characteristics (SC) listed in the Combined Synopsis/Solicitation Notice. Offerors must be authorized distributors as certified by the OEM. Only new equipment is acceptable; no remanufactured, used/refurbished or gray market items. No product in development shall be considered. All items must be covered by the manufacturer's warranty.

2. Past Performance:

Past performance will be evaluated to determine whether each reference is relevant (based on size, scope, and complexity to this requirement), recent (within the past three years), and reflects performance which is satisfactory or better. The Offeror will be evaluated to determine the extent to which their performance demonstrates the likelihood of successful performance in providing requirements similar in size, scope, and complexity to this solicitation.

The Government may consider past performance information obtained through other sources which is reasonably available and determined to be relevant. Past performance information obtained will be used for both the responsibility determination and best value decision.

In the event that no relevant or recent Past Performance is identified for an Offeror, the Government will rate the Offeror as neutral.

3. Veterans Preference:

The Veterans Preference factor shall be evaluated utilizing the priorities for Veteran-owned small businesses as implemented within the VA hierarchy of small business program preferences, the Veterans First Contracting Program. Specifically giving preference for verified prime SDVOSB Contractors first, then preferences for verified prime VOSB Contractors. Non-SDVOSBs/VOSBs intending to subcontract with a SDVOSB/VOSB Contractor will also receive credit under this factor.

Note that the Government requires the Contractor to honor the evaluation factor commitment to the SDVOSB/VOSB concern throughout the life of the contract, or to substitute one or more SDVOSBs/VOSBs for subcontract work of the same or similar value (percentage) in accordance with VAAR 852.215-71, Evaluation Factor Commitments.

SUBCONTRACTING PLAN REQUIREMENTS

The Contracting Officer may require the submission of a subcontracting plan at any time prior to award from only the apparently successful Offeror. If the apparently successful Offeror fails to negotiate a subcontracting plan acceptable to the Contracting Officer within the time limit prescribed by the Contracting Officer, the Offeror will be ineligible for award.

Only the apparently successful Offerors subcontracting plan will be evaluated. The subcontracting plan will be evaluated as follows:

Acceptable	Subcontracting Plan is submitted and is in accordance with FAR 52.219-9 that addresses all elements of FAR Part 19.704(a).
Unacceptable	Subcontracting Plan is not submitted and/or is not in accordance with FAR 52.219-9 and does not address all elements of FAR Part 19.704(a).

4. Price:

The total price will be evaluated IAW FAR 15.404. The Government will evaluate price to determine whether or not it is considered fair and reasonable. Attachment A, Price Cost Schedule will be reviewed and all total proposed unit prices for each CLIN (inclusive of option periods) will be added for a total price for evaluation purposes. Each CLIN will be evaluated using the estimated quantities provided for in Attachment A Price Cost Schedule. The Total Proposed Price will be the aggregate sum of all CLINs for the entire period of performance. The SLA fee of 3% shall be included in the total proposed unit price.

Example:

CLIN 0001

UOM = EA

Proposed Unit Price = \$60.00

SLA Fee 3% = \$1.80

Total Proposed Unit Price = \$61.80

Estimated Qty = 2

CLIN 0002

UOM = EA

Proposed Unit Price = \$45.00

SLA Fee 3% = \$1.35

Total Proposed Unit Price = \$46.35

Estimated Qty = 4

CLIN 0001: $\$61.80 \times 2 = \123.60

CLIN 0002: $\$46.25 \times 4 = \185.00

Total Evaluated Price = \$308.60

The proposed firm fixed unit prices will be binding and incorporated in the resultant contract and utilized for all future orders placed during the term of the contract. The estimated quantities listed in Attachment A, Price Cost Schedule are listed for informational and evaluation purposes only and do not obligate the Government to purchase such quantity nor does the Government guarantee any volume of purchases through this contract. Vendors are encouraged to offer discounts.

In addition, if an offer is received from a Small Business Administration (SBA) certified HUBZone small business concern, offers will be evaluated IAW FAR 52.219-4 by adding a factor of 10 percent to the price of all offers, except—

(i) Offers from HUBZone small business concerns that have not waived the evaluation preference; and

(ii) Otherwise, successful offers from small business concerns.

Unbalanced Pricing - The Government shall evaluate whether the Offeror has submitted unbalanced pricing for offers with separately priced line items or subline items. An unbalanced price is one where the price of one or more contract line items is significantly overstated or understated and which will result in the Government paying an unreasonably high price for contract performance or otherwise present an unacceptable level of risk to the Government. If the Contracting Officer determines that the risk is unacceptable, then the offer can be rejected.

(1) ☐ Are, ☐ are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) ☐ Have, ☐ have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(3) ☐ Are, ☐ are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) ☐ Have, ☐ have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds the threshold at [9.104-5\(a\)\(2\)](#) for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples.*

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

(i) *Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126).* [The Contracting Officer must list in paragraph (i)(1)

(iv) The compensation (wage and fringe benefits) plan for all service employees performing work under the contract is the same as that used for these employees and equivalent employees servicing commercial customers.

(3) If paragraph (k)(1) or (k)(2) of this clause applies—

(i) If the Offeror does not certify to the conditions in paragraph (k)(1) or (k)(2) and the Contracting Officer did not attach a Service Contract Labor Standards wage determination to the solicitation, the Offeror shall notify the Contracting Officer as soon as possible; and

(ii) The Contracting Officer may not make an award to the Offeror if the Offeror fails to execute the certification in paragraph (k)(1) or (k)(2) of this clause or to contact the Contracting Officer as required in paragraph (k)(3)(i) of this clause.
